CORE

EQUIPMENT

WHY CHOOSE CORE?

LATEST INNOVATION

At Core, we aim to supply quality products guaranteed to support your business through years of development and growth. We work in close partnership with some of the industry's most trusted manufacturers to select a wide range of innovative, high quality and cost-effective options.

OUR TEAM

We take a proactive and personal approach to every project, ensuring the equipment meets your specific needs and produces the best quality product.

Whether you are looking to buy a single piece of equipment or a full turnkey system; we pride ourselves on adaptability by customising orders to suit.

Whilst our sales representatives help to find the perfect solution for you, our wider team are here to take the stress out of purchasing, logistics and transportation.

SERVICE SUPPORT

As our in-house team look after the pre-installation activities and tasks; our service crew provide comprehensive installations, commissioning, and training services for all the equipment we supply. We also offer on-going field-based maintenance and repairs.
